Dear

RE: INVITATION TO THE FORTHCOMING 23RD R.D.T.C. INTERNATIONAL
C.M.E. CONFERENCE ON SKIN DISEASES, LEPROSY, HIV/AIDS AND
OTHER S.T.Is AND REUNION OF R.D.T.C. PASTGRADUATES
JANUARY 10TH - 13TH, 2018 IN MOSHI, TANZANIA

Greetings from the RDTC!

We do hope this finds you and your family well! I would like to take this opportunity to invite you to the forthcoming 23rd RDTC International Continuing Medical Education (CME) meeting which will take place as announced already from January 10th – 13th, 2018.

We know how valuable you have found these meetings during your training and how vital it is that you attend for your ongoing educational benefit. The half-life time of medical knowledge is significantly shortened from year to year. The scientific programme will again be very educative, practically oriented and challenging. A distinguished faculty has already promised to present and facilitate.

We would very much like to encourage you also to consider to present case studies incurred or any topic of general interest arising from your own experience. In the affirmative case we are requesting you to send us a detailed outline for our consideration of integration into the scientific programme. The detailed executive abstract should reach us not later than November 29th, 2017. Those who have been accepted as presenters will automatically be sponsored for the event.

We have also phased in since the 13th CME Meeting a so-called "Slide Clinic" for the Saturday session. This is designed to give you an educative forum to present challenging "cases" to your peers and RDTC faculty alike for discussions. Please indicate to us in your response if you intend to present images for coordinating purposes.

We therefore do hope that you will be in the position to attend this important educational event and that you will be able to schedule your other activities accordingly. We are pleased to be able to offer you support in the form of waiving the registration fee for the meeting. In addition daily free coffee/tea a.m., lunch and one dinner will be provided during the conference.

You are expected to arrive on Tuesday, January 9th and to depart on Sunday, January 13th, 2018. We have unfortunately no funds available to support your travel and subsistence. We therefore very much hope that your employer will this time support you in financially facilitating your attendance of and releasing you to this 23rd Conference and look very much forward to hearing from you.

With kindest personal regards and thanks to your employer for the anticipated support, I remain with best wishes for your work.

Yours sincerely,

Dr. Daudi R. Mavura,
PRINCIPAL, R.D.T.C.
